

Snowbird Ski Club
Questions Most Frequently Asked

1. How do I join the Ski Club?

The club is for young people 8 to 17 years old who want to learn downhill skiing and snowboarding. Simply complete the application, attach a check for the membership dues and return it to Snowbird Ski & Patio. Be sure to complete all information, especially telephone numbers (in the event we need to reach you during a trip), and e-mail address.

2. What do I do about equipment?

You will need to have your equipment when you arrive for the trip on Saturday morning. Equipment rentals are NOT allowed at the ski areas. Daily or seasonal rentals are available at Snowbird. The earlier you come in to be fitted for a seasonal rental, the better your selection will be. Many of the skis, snowboards and poles look alike. To avoid a mix-up, it is a good idea to put your name on your equipment.

3. How do I purchase tickets for the regular weekly trips?

The tickets are available for purchase at the Glenview store only. **Cost for the regular Saturday trips is \$60.** We try to have the tickets printed for the first three to four weeks. The tickets have to be purchased by the Monday before the trip you want to go on. For example, the tickets for the December 13th trip have to be purchased by Monday, December 8th.

4. What if I don't use a ticket?

Unused tickets may be exchanged for a future trip up until the Monday preceding the trip of your choice. The member will have to pay a \$20 fee if the unused ticket is a result of a cancellation or no show. If we cancel a trip, there will be no penalty.

5. When do the buses leave and return?

The buses leave promptly at 8am. They return at 5pm. We recommend that you arrive at 7:45am. When you arrive, put your skis, poles or snowboard in the luggage compartment under the bus. Carry your boots and clothes on the bus. You will need your "trip" ticket to board the bus.

6. How do I find out if a trip is canceled?

Occasionally a trip is canceled because of poor weather conditions. If you have provided your email address, we will notify you via email. You can also visit our website for updates www.snowbirdski.com. The ski areas do make snow when the conditions are favorable.

7. What if I want to make special arrangements for taking or picking up my child?

You must notify the chaperones in advance in writing for any special arrangements. Members may not go home with a friend's parent unless prior approval (in writing) was granted. If you do pick up your child at the ski area, you must check in with the chaperone before departing the ski area. The club usually has a table setup in the lodge.

8. What if I have any questions or need help while on the trip?

Ask the chaperones. They have all the answers. You will find them in the lodge and out on the hill. You can also ask the Ski Patrol to contact a chaperone. They know us all too well. ☺
